

Fatboy Slim, You're Not From Brighton

[too much incoherent rambling in this song]

Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to
Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used, funk as we used to

You're not from Brighton
You're not from Brighton
You're not from Brighton
You're, you're, you're, you're

Funk as we used to play
Funk as we used to play
Funk as we used to play
Funk as we used to play
Said check baby, check baby

Check baby, check said
Check baby, check baby
Check one two

Check baby, check baby
Check baby, check said
Check check baby

Check check one two
Check baby, check baby
Check baby, check said

Check baby, check baby
Check one two, ha
Check baby, check baby

Check baby, check said
Check baby, check baby
Check one two, ha

Check baby, check baby
Check baby, check said
Check baby, check baby

Check one two, ha
Check baby, check baby
Check baby, check said

Check baby, check baby
Check one two
Said check one two, check one two

Check one two, check one two
Check one two
You're not from Brighton

You're not from Brighton
You're not from Brighton
You're, you're, you're

You're not from Brighton
You're not from Brighton
You're not from Brighton

You're not from Brighton
You're not from Brighton
You're not from Brighton

You're not from Brighton
You're not from Brighton

[illegible][illegible]

Here we go, here we go
Here we go, here we go, here we go
Here we go, here we go, here we go
Here we go, here we go, here we go
I said check baby, check baby

[illegible][illegible]

Funk as we used to play
Funk as we used to play...
