

# Fate, Smoke The H

Sensi  
Dives me  
Into  
Love and wisdom

No escape from this brutal reality

I want to get so high  
Away from this sick world  
Away from this chaos

Smoke shroud(s) my body  
It's arousing my senses  
Extending my consciousness  
My perception of humans' perversion(s)

No more control  
We need to smoke  
Free the weed

Fume de la ganja, fume de la ganja !

KI-KE-PUI-KUK SMOKE ! KI-KE-PUI-KUK SMOKE !
