

Fats Domino, You Win Again

YOU WIN AGAIN

Fats Domino

The news is out, all over town
that you been seen, out runnin round
I know that I should leave, but then
I just can't gooooo, you win again.

This heart of mine could never see
what everybody knew but me
Just trustin you, was my great sin
what can I dooooo, you win again.

This heart of mine could never see
what everybody knew but me
Jest trustin you, was my great sin
