

# Fatty Koo, Cruise Control

(Verse 1)

(Valure)

I met this young man  
Just the other day  
Set my world on fire  
In a special way  
He had the prettiest smile  
That I ever seen  
Had my feeling like a day dream

(Eddie B.)

Hey are you goin my way  
Baby can I take you there

(Valure)

It was the first night of spring  
And love was everywhere  
I didnt think twice  
As I jumped into his ride  
Street Lights Flashin By  
Then I whispered in his ear

(Chorus)

(Gabrielle)

We can ride on cruise control  
In the drop top  
singing to that old school soul'  
Baby Close your eyes  
And Kiss Me

(Eddie B. & Josh)

Then she made me lose control  
She was soo hot couldnt keep my eyes on the rode  
Then she touched me

(Verse 2)

(Gabrielle)

Smooth ride  
Down the rode side  
Underneathe the starlite sky  
Im beside you

(Eddie B.)

Relax sit back enjoy the ride  
Ill put it in auto drive

(Valure)

Are you down to be my boo

(Gabrielle)

Baby. We can take this where you wanna go

(Eddie B.)

Oh Girl

Tell me what you really like  
There's no wrong or right  
And thats just what we'll do

(Valure)

Let me eeze your body baby

From head to toe

Gently moving closer

Take it nice and slow

I couldnt resist

Such a sweet and tender kiss

Time stood still

It was feeling like paradise

(Chorus)

(Gabrielle)

We can ride on cruise control

In the drop top  
singing to that old school soul'  
Baby Close your eyes  
And Kiss Me  
(Eddie B. & Josh)  
Then she made me lose control  
She was soo hot couldnt keep my eyes on the rode  
Then she touched me
