

Favretto, People of the night

Eeh, ooh, eeh /x2
Ooh, people love to dance here
Ooh, people let it go
Than trying hard to band it
To everybody's flow
Keep on dancing, keep on moving
Come on and let it show
Yeah, keep on dance into the music
Don't ever stop it so, go
We are the people of the night
We dance all night (all night, all night)
We are the people of the night
We dance tonight (tonight, tonight) /x2
Ooh, people want to spend the night
This is what they want
The people want a song
So people sing it on, all night
Oooh people want to dance here
Oooh people want to go
And cry without an ending
To let it out and flow
We are the people of the night
We dance all night (all night, all night)
We are the people of the night
We dance tonight (tonight, tonight) /x2
Eeh, ooh, eeh /x4
We are the people of the night
We dance all night (all night, all night)
We are the people of the night
We dance tonight (tonight, tonight) /x4
