

# Faydee, Wonder why

Are you serious? How the hell are you gonna cut me any deeper, when im still bleeding?  
From the last time you messed up

Verse I:

I dont understand you  
How can you be so cold  
No I dont believe you (Why should I?)  
When youve done this before  
You say we all make mistakes  
Well I guess you were mine (My Mistake)  
I wish I never ever met you at all  
You just wasted my time

Prehook I:

So dont try to make any excuses babe  
Its nothin new to me, it dont surprise anybody  
Dont come at me like youre sorry  
See they warned me before, but I chose to ignore  
Tell me why you wonder, when its what your known for

Chorus:

Wonder why they call you a bitch (Its what your known for)  
Wonder why they call you a bitch (Known for)

x2

Lemme spell it to ya  
B.I.T.C.H whats it spell?

You

Verse II:

Now im forced in a place  
I never thought I would be  
lookin down on you  
Your lookin up to reach me  
i'd Never thought youd stoop so low  
Even though you creeped behind me  
and when I learned to let it go  
you'd do it again to remind me

Prehook II:

Dont try to make excuses babe  
This is nothing new to me  
it aint no surprise for anybody  
dont come at me like you're sorry  
See they warned me before, and I chose to ignore  
What the hell was I thinking?  
To think that you were gonna change and you wonder why?

Chorus:

Wonder why they call you a bitch (Its what your known for)  
Wonder why they call you a bitch (Known for)

Lemme spell it to ya  
B.I.T.C.H whats it spell?

You

Bridge:

Do you remember?  
You came in, embraced you  
What you needed, I gave you  
You cheated, Forgave you  
Now you wanna tell me that your really gonna change boo  
Forget it, Im over you, So Over U  
Now that ive made it clearer, you dont have to wonder why

Lay - Rap:

What happened 2 trust, wat happened 2 us,
