

Fear Factory, Another Day

Written & composed by Phil Wilde, Andy Janssens & Steven Tracey

You can't imagine
How it's so true
That we all need somebody
Someone like you

But lately I've been feelin' so confused
I'm not thinkin' about tomorrow
or what the heck I'm gonna do

'Cause I still love you
You know that it's true
Yea I still love you
I believe we'll make it through

Chorus
Another day in paradise
Where dreams are made
And worlds collide
Another day in paradise
Forever lost in time

Another day in paradise
We're not afraid
We don't think twice
Let's put the rest out of our minds
And leave it for another day

Another day x3

I need a lover
I need a friend
Yeah we all need a lot of things
I know we should have said

But in a moment life can fall away
And that's why I'll keep believin'
There'll be another day

'Cause I still love you
You know that it's true
Yea I still love you
'Cause I believe we'll make it through

Chorus
