

# Fear Factory, Arise Above Oppression

Rise above, rise above  
Steal away to hide your shame  
Rise above, rise above!

Rise above your oppression  
Above the one that hates you  
Above the one that lies  
Above the one that hates  
Death! Fear! Rage!

Rise above your depression  
Above the one that kills  
Above the one that hates  
Above all of the pain  
Fear! Death! Rage!

Rise above, rise above  
Rise above  
Rise  
Rise  
Rise

Rise above your oppression  
Above the pain and suffering  
Above the one that hates you  
And kills you  
Through all of your life
