

# Fear Factory, Big God/Raped Souls

[Intro:]

In America today,  
every 25 fucking  
seconds someone  
is viciously raped,  
someone is  
brutally violated;  
250 times a day,  
someone is murdered,  
someone's life is taken,  
In America;  
This is America,  
This is America,  
and I love America,  
I love America!

No remorse for the pain  
Look into the eyes of death  
Strong man cannot endure  
Big god of this earth

Liar!  
Big god, no god!

Take back this life  
Give back this world  
"Woe to you  
of earth and sea"  
Big god will always be

Liar!  
Big god, no god!  
Burn!

[Raped Souls:]

God raped souls  
Of our lives  
Hammers crush all our lives  
Just like clockwork  
They'll crush our lives
