

Fear Factory, Bound For Forgiveness (A Therapy

"A Therapy For Pain"

I welcome death with open arms
Her soft breath and simple charm
Wandering through memories
Takes my hand for me to see
Tried so hard
Tried so hard
Echoes of innocent
Are my thoughts into dissent
Tried so hard
Tried so hard
Tried so hard
Tried so hard
When we finally reach the end
She lets go of my hand
Waking into realms of light
There will be no death tonight
Tried so hard
Tried so hard
Tried so hard
Tried so hard
