

# Fear Factory, Can You Fix This

Written & composed by Phil Wilde, Andy Janssens, Wanda Walker Janssens &

When my body feels tired  
And my soul is weak  
Then my eyes won't see  
And my hands won't feel a thing

When I don't get inspired  
By something you tell me at night  
Just an empty soul  
I don't have control of myself  
Just an empty soul  
I don't have control of myself

Chorus  
I wanna know - Can you fix this ?  
Help me to cope - Can you fix this ?  
Feel the void that's left inside of me  
Repair the lost of love dividing me

I wanna know - Can you fix this ?  
Help me to cope - Can you fix this ?  
Feel the void that's left inside of me  
Repair the lost of love dividing me

Try to give me devotion  
'Cause my heart can't breathe  
And my tears will fall  
And my eyes will try to see

I can't show my emotions  
Help me out of this pain  
'Cause I'm paralyzed and it's driving me insane.  
'Cause I'm paralyzed and it's driving me insane.

Chorus
