

# Fear Factory, Crash Test

Some men believe  
Animals aren't seen  
Testing on their minds  
Testing with their lives  
You can't believe  
Not even perceive  
Animals that die  
Animals that cry

[Chorus:]  
Crash test! So what!  
Crash test! So what!

Catastrophies  
To the animal species  
Politically correct  
On animals, to dissect?  
What does it mean  
When animals can dream?  
Destroying a pure life  
Only for a price

[Repeat Chorus]

Animals that die  
Animals that cry  
Testing on their minds  
Testing with their lives [X2]

Crash! Test!

Animals that die  
Animals that cry  
Testing on their minds  
Testing with their lives

[Repeat 1st verse, Chorus]

Crash!
