Fear Factory, Crash Test

Some men believe
Animals aren't seen
Testing on their minds
Testing with their lives
You can't believe
Not even percieve
Animals that die
Animals that cry

[Chorus:]
Crash test! So what!
Crash test! So what!

Catastrophies
To the animal species
Politically correct
On animals, to dissect?
What does it mean
When animals can dream?
Destroying a pure life
Only for a price

[Repeat Chorus]

Animals that die
Animals that cry
Testing on their minds
Testing with their lives [X2]

Crash! Test!

Animals that die
Animals that cry
Testing on their minds
Testing with their lives

[Repeat 1st verse, Chorus]

Crash!
