

# Fear Factory, Descent (Falling Deeper Mix)

Falling victim from neglect  
Designed thoughts and intellect  
Forgotten and displaced  
The crux of my dismay

I feel nothing  
I am nothing  
I feel nothing  
Nothing

How deep I descend?  
Until I reach my end?  
How deep I descend?

Deeper into this abyss  
Weighted down and sinking fast  
Life did not offer me  
More than false destiny

I feel nothing  
I am nothing  
I feel nothing  
Nothing

How deep I descend?  
Until I reach my end?  
How deep I descend?

I am nothing  
I feel nothing  
I am nothing  
I feel nothing  
Nothing  
Nothing...

How deep I descend?  
Until I reach my end?  
How deep I descend?
