

# Fear Factory, Machines Of Hate (Self Bias Resistor)

Hey you! Wake up!  
open your swollen eyes  
Erosion invades your mind  
A cancer that grows over time  
Hey you! Rise up!  
Rise to fight, eliminate  
Burn your fuse to detonate  
The human machines of hate  
All these years they've tried to break you  
To your knees  
Anger scours right through your veins  
Now it's time to put an end  
To all the lies  
Now it's time to take control  
Of your life  
Wake up! Rise up!  
Open minds will dominate  
Burn your fuse to detonate  
The human machines of hate  
All these years they've tried to break you  
To your knees  
Anger scours right through your veins  
Now it's time to put an end  
To all the lies  
Now it's time to take control  
Of your life life life life  
Hypocrisy  
You can't believe  
Machines of hate  
A disease that infiltrates  
Persist for resistance  
Resist their insolence  
You are a dissident  
Burn away conformity  
Persist for resistance  
Resist their insolence  
You are a dissident  
Burn away conformity  
All these years they've tried to break you  
To your knees  
Anger scours right through your veins  
Now it's time to put an end  
To all the lies  
Now it's time to take control  
Of your life  
They have tried to break you  
They have tried to break you  
They have tried to break you  
They have tried to break you
