

Fear Factory, No One

violence in my head
like a thorn that pierced my skin
spilling strength on the floor where i stand
it surrounds me, controls me
shows weakness inside me

they've tried to kill me
but they won't succeed!

no one
no one
no one can deny

sadness in my heart
like a storm that ripped apart
all the fragments of what was happiness
it takes over, and numbs me
shows the fear inside me

they've tried to kill me
but they won't succeed!

no one
no one
no one can deny

take one more shot at me
and believe!

takes over and numbs me
shows the fear inside me!
inside!
inside my head!
