

# Fear Factory, Transgression

One nation of gods, divided by faith,  
A nation is divided by faith,  
Witness deliberate war of attrition,  
Judge me not, lest you be judged,  
Eyes are blinded, blinded by violation,  
I hate your contention,  
I hate you violation,  
I hate your corruption,  
I hate your life destruction,  
I am your enemy...  
Witness deliberate war of attrition,  
Kill my mind, my mind is the weapon,  
Words are banned, these words meant to enlighten,  
I hate your contention,  
I hate your violation,  
I hate your corruption,  
I hate your life destruction,  
I am your enemy,  
I will resist,  
Endlessly...
