

# Fear Factory, Will There Never Be An End

After the smoke clears  
And the pain subsides  
Will there never be an end?  
Lying on the pavement  
Looking at the sky  
Will there never be an end?  
Where is the finish line?  
Racing against time  
Will there never be an end?  
After the smoke clears  
And the pain subsides  
Will there never be an end?  
Will there never be an end?  
Will there never be an end?  
Will there never be an end?  
Will there never be an end?
