

# Fear My Thoughts, Sadist Hours

I let you feel my might  
You shall do as I told  
I bring you under control  
My will shall be yours

And in the end - you're going to see  
I do it for you - and not for me

I love to see  
Love to see you crawl  
I love to see you crawl

Now you do as I told  
You shall fulfil my will  
I have the plan for you  
It's easier to obey

Feel my strength - the satisfaction in my eyes  
Feel my strength - the satisfaction in my eyes

I love to see you crawl  
I love to see you crawl  
I love to see you crawl  
I love to see you crawl

Forget the fear inside of me  
I feel myself so almighty  
Forget the fear inside of me  
I feel myself so strong  
I feel myself so almighty  
I feel myself so strong
