

Fear, We Destroy The Family (live 1986)

We destroy the family!
We destroy the family!
We destroy the family!
We destroy the family!

Steal the money from your mother,
Buy a gun!

We destroy the family!
We destroy the family!

Kill your mother
And father!

We destroy the family!
We destroy the family!

We destroy the family (repeatedly underneath the guitar solo)

We destory the family!
We destory the family!
We destory the family!
We destory the family!

Keep your eye on your parents
...

We destory the family!
We destory the family!

Turn to men,
When you bury your best friend!

We destory the family!
We destory the family!
We destory the family!
We destory the family!
