All the different color gems to match the rims on ya Spider
Indianapolis throwback, Johnny Unidas
Stash box to hide it, James Bond compartments
I be out on the stage the way i'm walkin' on carpets
Another dead man, talkin' so listen to the scriptures
It's the god fifty globetrotter, paintin' ya a picture
So switch it up they makin' bigger watches, VBS diamonds
I'm a sponsor here's a chain I'm wantin' you to shine
Vegas nights Vegas lights so they know you time
A crap table and a vacation offa heavy grindin'
My prostitutes cop the work and so you know I'm jivin'

Alotta people don't respect him they blow him and burn him

I'm at the bar wid six chicks, six clips six six
Four door sedan it's real swift around crips
So switch it up the thirty's empty so now the fifty's extended
For my hood you know I mean it I was heavenly sent
The ghetto bird is still looking tryna find out who did it
