

# Feeder, Crowd Of Stars

Got me sitting on top of it all  
Tired eyes in a broken world  
Travelled oceans just to be with you  
Found a reason just to get me through

aaah, aaah

Come back in  
Float back in, this time

Sa-aved, why do I feel so alone  
Theres nothing left that I can do  
Sa-aved, been feeling this way for too long  
Stars

Got me thinking, was I wasting my time?  
Still a hole inside this crazy mind  
Reaching inside to find a man  
Waiting for the love to float back in

aaah, aaah

Come back in  
Float back in, this time

Sa-aved, why do I feel so alone  
Theres nothing left that I can do  
Sa-aved, been feeling this way for too long  
Stars
