

Feeder, Victoria

Turning over again
Here for another day
Still the thoughts of a dream
Fragments you can't escape

I won't let you down
Won't let you down

I won't let you down
Victoria (Victoria)

Let's take it from the start
Back to the beginning
Victoria (Victoria)
I can't breathe when we're apart
Without you there's nothing
Without you

Standin' out in the rain
Watchin' the traffic slow
As the light begins to fade
You're warmed by the city glow

I won't let you down
Won't let you down

I won't let you down
Victoria (Victoria)
Let's take it from the start
Back to the beginning
Victoria (Victoria)
I can't breathe when we're apart
Without you there's nothing without you

There's nothing (There's nothing)
Nothing

Turnin' over again
Here for another day
Victoria (Victoria)
Let's take it from the start
Back to the beginning
Victoria (Victoria)
I can't breathe when we're apart
Without you there's nothing
Without you
