

# Feeder, Waterfall

They wanna see where they don't see  
Put my hand in the guillotine  
Throw my hand on the grill again  
Screaming out as the water stings  
Take a punch in another face  
Keepin' up in a city race  
Feel the weight of another day  
In the maze at the seaway

Home, just take me home  
Cause when I see the waterfall  
Just like a dream when flowers fall  
I see the colours as they run  
I see the rainman kiss the sun

Sugarfree is a slip away  
Breaking out of the monkey cage  
Hear the sirens as they sing  
Be the kids of another sin  
Something new in a different place  
Some one cool may be in his face  
Get a life far away from this  
Heal the womb with a woman's kiss  
Home, just take me home  
Cause when I see the waterfall  
Just like a dream when flowers fall  
I see the colours as they run  
I see the rainman kiss the sun

Running free like the blood in me  
In my veins should I count to three  
Feel the weight of another day  
In the maze at the seaway

Home, just take me home  
Cause when I see the waterfall  
Just like a dream when flowers fall  
I see the colours as they run  
I see the rainman kiss the sun...
