

Feeder, We The Electronic (B-Side)

See a zombie on the ground

???

???

???

Electronic, we're electronic

Jumping on conveyor belts
Escalators in our heads
Programmed for another day
Talking to a faceless friend

Electronic, so ironic
We're electronic, we the electronic
Electronic

Hear the ticking in our belts
And the fire inside our heads
Wishing we could make a change
See the morning coming in

Electronic, so ironic
We're electronic, we the electronic
Electronic
Electronic, so ironic
We're electronic, we the electronic
Electronic
Electronic, so ironic
We're electronic, we the electronic
Electronic
