

Feeling, I Want You Know

Its never gonna work
I don't know what I'm doing in here
My inners go berserk
Everytime your voice gets near
But when I get under control
I see you ache for it and all
I get some sugar for your bowl
I got some lemon for your soul
Some twinkle for you eye

I, I'm getting sick of being this alone
They think its not right
Fine
Each to their very little own

I want you now
I don't care how
We're both too young to be sitting around
I want you now
I want you now

You make me sure
You make me live
And that's more than I ever do give
I don't know how
I want you now

So Timmy goes to school
And Janey goes to work all day
But we just hang around
And think of clever things to say
You deserve to get your wish
But you don't know what it is
First it was that and now its this
But there's one thing that you've missed

Together we can find, find
Least we can say we wont be lonely
Find, find
I don't ever wanna be alone

I want you now
I don't care how
We're both too young to be sitting around
I want you now
I want you now

You make me sure
You make me live
And that's much more than I ever could give
And I don't know how
But I want you now

I want you now
We're both too young to sit around
Round round round round

Ahhhhhhhhhhhhhhhhhhhhhhhhhhhhhh
Yeah Yeah
Yeah Yeah Yeah Yeah

I want you now
I don't care how
We're both too young to be sitting around

I want you now
I want you now

You make me sure
You make me live
And that's much more than I ever could give
I don't know how
I want you now
