

Feeling, Kettle's On

I turn on the tap and run some water
Flick a little switch on the wall
I'm hoping you remember what I taught ya
Hoping you remember me at all

I'm strong but I feel like a mouse when you're gone
I'm weak but I'll take on the world when you're here
With me, with me

Can't you see you're in the wrong place
Will you please face it and come home
When I think about you're sweet face
I can't wait for you to come home
I can see you got a real taste but that champagne but its all gone
Come home, the kettles on

I've got a little something on my mind
To keep it to myself isn't really very kind
Pouring out my heart isn't usually my style
But you gave me an inch so I'm gonna take a mile
You see

I'm strong but I feel like a mouse when you're gone

I'm weak but I'll take on the world when you're here
With me, with me

Can't you see you're in the wrong place
Will you please face it and come home
When I think about you're sweet face
I can't wait for you to come home
I can see you got a real taste but that champagne but its all gone
So come home, the kettles on

Yea yea yea

Can't you see you're in the wrong place
Will you please face it and come home
When I think about you're sweet face
I can't wait for you to come home

Can't you see you're in the wrong place
Will you please face it and come home
When I think about you're sweet face
I cant wait for you to comeeeeeeeeeeeeeee home
