

# Feeling Left Out, Crowbar

if i have to take a crowbar to your mouth  
to make what's on the inside come out  
ivory chips falls to the floor  
swept under the rug and out the door  
what a night, back and forth  
with no end in sight  
i can't watch this again  
you just don't understand

[Chorus]  
why? do we always end right where we begin  
we can break this cycle if you just understand

if i have to take a crowbar to your mouth  
to make what's on the inside come out  
ivory chips fall to the floor  
swept under the rug and out the door  
what a night, back and forth  
with no end in sight  
i can't watch this again  
you just don't understand

[Chorus]  
scream it to me and i swear i'll understand  
i'd rather you scream your lungs out  
than sit on the edge of my bed  
with your head hanging over the edge  
of this four-cornered ship  
on a figure-eight trip  
[Chorus]

i felt our swan song coming on,  
but i wasn't ready to sing it?  
you curled up to me, knee to knee  
with your eyes glazed over with pain  
hide behind your tears  
lets confront our fears

why? you always end the progress we begin  
we can break this cycle if you just understand,  
understand, understand (understand)
