

# Feist And Ben Gibbard, Train Song

Traveling north, traveling north to find you  
Train wheels beating, the wind in my eyes  
Don't even know what I'll find when I get to you  
Call out your name love don't be surprised

It's so many miles and so long since I've left you  
Don't even know what I'll find when I get to you  
But suddenly now, I know where I belong  
It's many hundred miles and it won't be long

Nothing at all in my head to say to you  
Only the beat of the train I'm on  
Nothing I've learn, all my life, on the way to you  
One day our love was over and gone

It's so many miles and so long since I've met you  
Don't even know what I'll say when I get to you  
But suddenly now, I know where I belong  
It's many hundred miles and it won't be long

What will I do if there's someone there with you  
Maybe someone you've always known  
How do I know I can come and give to you  
Love with no warning and find you alone

It's so many miles and so long since I've met you  
Don't even know what I'll find when I get to you  
But suddenly now, I know where I belong  
It's many hundred miles and it won't be long

It won't be long (x3)
