## Feist, Leisure Suite

(In my leisure suite) Quit talking Just talking Please

(In my leisure suite)
Sometimes
I feel the room surround me
With possibility

Build fires to stoke them Let's fix what's been broken Words have been stolen But silence is golden

(In my leisure suite)
Just a place to meet
We can press repeat
And do what we do when we're there

Don't come knocking This doors for locking Have you got the key

(In my leisure suite) Hang up your jacket Undo my back zip Please

Moonlight on blanket It's great when your backlit Features in close-up The moment we woke up

(In my leisure suite)
Just a place to meet
We can press repeat
And do what we do when we're there
(In our leisure suite)
Come lie next to me
We can be complete
And do what we do when we're there
