

# Fergie, Close To You

I just wanna be close to you

The way you look in the morning  
I can see your face and your daze  
The way (the way, the way) your silence  
Always has so to say, to say  
With you my king is where I belong  
Our castle is beautiful and strong

I just wanna be close to you  
I just wanna be close to you

How you own this body  
Smoke your cigarette  
Sing to me in bed  
The way (the way, the way)  
You hold me like your  
Protecting your throne  
I'll be your queen we'll fit so well  
Yet near me darling is where dwell

I just wanna be close to you  
I just wanna be close to you

You say I'm talking and laughing I'm not  
Breakfest in bed have a play pillow fight  
We'll hang like homies 'cause your best friend  
I know I'm safe just as long as I feel your skin  
Not that I need I'm secure with myself  
Space, trust, and respect I understand well  
Baby I just see such beauty in you  
That I need is being close too  
If near me darling is wear you dwell

I just wanna be close to you  
I just wanna be close to you

I just wanna be close to you  
I just wanna be close to you
