

Ferraby Lionheart, The Ballad Of Gus And Sam

i'm an honest guy i've got no reason to lie
you're a superstitious girl you put a spell on the world
the conversations great yeah i can tell
things are moving fast like a bat out of hell
i can lose my step here for you front foot forward to find
your positions good
for making skeleton stew
sh sh she got the numbers in her neck
and now she's reaching for you
the conversations great yeah i can tell
there's a ghost in the room
i'm to scared to yell
i can lose my breath for you front foot forward to find
uh oh oh oh yeah yeah
uh oh oh oh yeah yeah
uh oh oh oh yeah yeah
uh oh oh oh yeah yeah
on a ouija board we were talking to gus
he killed a girl named sam
and now she's coming for us.
the conversations great yeah i can tell
things are moving fast like a bat out of hell
i can lose my stepping for you front foot forward to find
the conversations great yeah i can tell
there's a ghost in the room i'm to scared to yell
i can lose my breath here for you front food forward to find
