

# Ferrick Melissa, Blue Sky Night

Julie skips the light  
Saves her cigarette  
For later tonight  
She grabs the hand of  
Johnny's hip  
She loves the way that they fit  
They walk below the stars  
Talk of dreams and traveling far  
Steady in these streets of rage  
They wander endlessly  
In this blue sky night  
The streets are lit  
And their hearts beat tight  
They're wandering through  
The blue sky night  
So they sit in a garden's grass  
Talk of their love  
And how it will last  
Johnny says "Love's forever only 'cause it will die"  
Julie says "Yeah but then we can dance in the blue sky"  
The blue sky  
Johnny feels his head swell  
He writes another page  
Of the silent yell  
Julie feels him drifting away  
N' she kisses him hard and brings him back to stay  
In this blue sky night  
The streets are lit  
And their hearts beat tight  
Wandering through  
The blue sky  
Wandering through  
The blue sky  
Wondering through  
The blue sky night
