

Ferry Corsten, Invisible

Listen to my voice
U wont see me
U wont see me with ur eyes
Listen to my voice (my voice..)
U will feel me deep inside inisde inside inside inside
U will feel me deep inside inisde inside inside inside inside
And Im feeling invisible
You wont see me anywhere
And Im feeling invisible
Leave me anywhere outta there
You know Ill be there
Where Im living 5x
But you can not see 5x
And Im feeling invisible
You wont see me anywhere
And Im feeling invisible
Leave me anywhere outta there
And Im feeling invisible
You wont see me anywhere
And Im feeling invisible
Leave me anywhere outta there
You know Ill be there
