

Fever Tree, Where Do You Go?

Where do you go?
Where do you go?
Where do you go when the lights go out?

What do you see?
What do you find?
What's in your mind when the lights go out?

Night after night
Your empty kiss
Night after night it goes on like this, so...

Where do you go?
Where do you go?
Where do you go when the lights go out?

Where do you go?
Where do you go?
Where do you go when the lights go out?

Where do you go?
What do you see?
What happened to me?

(screamed) Yow!

(fades to next track)
