

# FFH, Little Change

You've seen it all before  
You open up the door and I just turn away  
Walk the other way  
You offer so much more  
than I could ever ask for  
But I say thanks anyway  
I go on and on alone  
Make believing I can make it on my own

(Chorus)

I think it's time for me to make a change  
And start walking back to you  
Before I go so far away  
That I can't hardly see you  
Reaching out,

calling the prodigal I said I'd never be  
Now what I need is a little change

I've played the game before  
But now the game is  
taking more than I can give  
And I'm dying to give in  
But you're holding out for me  
But what you're holding out for me  
I can barely see  
Because my visions' so dim  
I try, but I can only hardly recognize  
This light that should be blinding my eyes.

(Repeat Chorus)
