

# FFH, Power In His Blood

I lie awake hoping that I will hear  
Your voice inside my ear  
Telling me you're near  
But I know I'll find my precious peace of mind  
When you speak to me just in time  
Let me know you still care

(Chorus)

There's power in his blood  
Forgiveness in His hands  
A peace in His love that we can't understand  
There's joy in His spirit  
There's power in his blood  
Forgiveness in His hands  
A peace in His love that we can't understand  
There's joy in His spirit  
Sufficient and full there's power in His blood

His love is all we need  
There's joy in the spirit of the Lord

You are the one who has made me complete  
Now I'm kneeling at your feet  
Knowing only you can lead me home  
I'll stand through it all  
Waiting on Your call  
Knowing that you hear my every prayer

(Repeat Chorus)

I know there's strength in His everlasting word  
And I know I'll find my love in His arms

(Repeat Chorus)
