

Fiddler's Green, Make No War

I can hardly find my way
So hush my baby not a word
It's my message in a bottle
No more digging in the dirt
Don't you put the screws on me now
Don't you wipe the floor with me
Every word you say is poison
No more fighting let me be

Make no war, make no war

Make no war I'm begging you
Defences down I'm not so strong
Make no war I can hardly go on
Make no war, I'm begging you
Defences down I'm not so strong
Make no war
Don't let me down I'm not so strong I can hardly carry on

Don't let me down
Don't let me down
Don't let me down

Can't you see I'm crawling to you
Maybe I should crawl away
Can't you see I'm longing for you
There must be another way
Can't you see it's no solution
To turn the knife with every word
Can't you see I long for shelter
No more digging in the dirt

Make no war
Make no war

Make no war I'm begging you
Defences down I'm not so strong
Make no war I can hardly go on
Make no war, I'm begging you
Defences down I'm not so strong
Make no war
Don't let me down I'm not so strong I can hardly carry on

Make no war
Make no war
I'm begging you
Make no war on me
Make no war
Make no war
Please make no war

Make no war I'm begging you
Defences down I'm not so strong
Make no war I can hardly go on
Make no war, I'm begging you
Defences down I'm not so strong
Make no war
Don't let me down I'm not so strong I can hardly carry on
