

# Fiddler's Green, Tangerine

-It's been so many days, so many nights, so many people  
I wanna see the sky like a child with eyes that don't ask why  
The orange light lights up the past it's shining bright but moving fast-

I love, I love ,I love the time, when time is a word without life  
Lost on the way but the way is all it takes  
I know I'm lost in empty spaceland  
So this one goes out to an unknown friend

Can you see the sky  
The sun is dying away  
In this orange light  
My love is tangerine  
No matter where you are

(Dub me)  
(Dub me)

I love, I love, I love the time  
When time is a word without life  
Swimming in orange light without fear  
I know I'm lost in empty spaceland  
So this one goes out to an unknown friend

Can you see the sky  
The sun is dying away  
In this orange light  
My love is tangerine  
No matter where you are

(Dub me)  
(Dub me)  
(tangerine)  
(Dub me)  
(tangerine)

Mach mir den Himmel rot  
Brenn auf mein Gesicht  
Lass' die Seele erglh'n  
Kriech mir unter die Haut  
Ich will das Feuer berhr'n  
Mach mir den Himmel rot  
Lass mich in Dir verglh'n  
Schau mir ins Gesicht  
Ich will Dich jetzt berhr'n  
Mach mir den Himmel rot  
Und schenk mir Deine Glut  
Mach mir den Himmel rot  
Mach mir den Himmel rot
