<lyrics>
Bit by bit my heart is charmed
by that radiant smile
Let's flee from the endless darkness and
Hold my hand

the time I met you
I remember the place
treasured as children
Won't you give me this dance?
A wandering road of light and shadow
even now, you're still infatuated with "him"?
There are times that you seem to want
to turn away just a little, however
I will fight to have love and courage and honor.

Bit by bit, my heart is charmed
this world's fragment of hope
surely anyone would want to have eternity
though you pretend to completely ignore me
hey... I love you.
Let's flee from this endless darkness and
Hold your hand

Even when you're angry, I still like you, but
I wonder if it's alright to live ignored like that
Me? When you behaving casually
throws me off. sea side blue
even with that, you're still infatuated with "him"
and I wanted to ask more
but our talk dances about and goes nowhere

Bit by bit you charm my heart
and it amazes even myself
When something comes up, I want to call you
though you pretend to be completely indifferent
In the end, I will see only you
Let's flee to the edge of the sea...
Hold my hand
