

# Fields Of The Nephilim, Chord Of Souls

the preacher says to all his men  
I hear godly laughter  
can it be the end  
well I'm on fire when he's so cold  
I hear godly laughter  
let it be the end  
let it be the end

well I hate your conscience  
let's skip this world  
I hate your gods people who breed on earth  
over to the other side  
I'm caught stepping out  
come over to the other side  
save your brothers now

let it be the end  
eyes eyes eyes eyes  
honest men these worthy men  
in all my dreams  
I hear godly laughter unleash your souls the faceless knows  
I'm disclosed it's not a god I'm after

let it be the end  
let it be the end  
let it be the end  
believers chord of souls  
let it be the end  
let it be the end  
let it be the end between us chord of souls  
eyes eyes eyes eyes

and I hate your country  
and I hate your world  
I hate your Gods people who breed on earth  
over to the other side  
I'm caught stepping out  
over to the other side  
I'm gonna recreate a religious experience  
to tear my fucking heart out
