

# Fifi, Mirror In The Bathroom

Mirror in the bathroom, please talk free  
The door is locked, just you and me  
Can I take you to a restaurant that's not plastic  
You can watch yourself while you are eating

Mirror in the bathroom, just getting started  
On a Saturday see me window shopping  
Find no interest in the racks and shelves  
Just the smiles and reflections of my own true self

Mirror in the bathroom, Mirror in the bathroom

Mirror in the bathroom, cracked out bitch
