

# Fifteen, Famous

I wanna be famous and have my face on TV  
I want all my old friends to hate me  
I don't wanna be able to walk down the street  
In this town I won't be around  
And you can read all about my life on the newspaper stand  
My agent says you can't call me back but you understand  
Hey now I'm famous and it really sucks  
Hey now I'm famous can you lend me five bucks  
Hey now I'm famous when will this all end  
Hey now I'm famous and I need a friend
