## Fifteen, Famous

I wanna be famous and have my face on TV
I want all my old friends to hate me
I don't wanna be able to walk down the street
In this town I won't be around
And you can read all about my life on the newspaper stand
My agent says you can't call me back but you understand
Hey now I'm famous and it really sucks
Hey now I'm famous can you lend me five bucks
Hey now I'm famous when will this all end
Hey now I'm famous and I need a friend
