

Fifth Harmony, Can You See (piosenka z filmu Pi

we've all been searching
for somerhin
somethin' that's bigger
than us to believe in

who knew a star was so close it could touch us?
light up our hearts
lead the way through the dark

I've waited all my life to feel this feelin
that I feel right now
open up your eyes and see the world is
brighter now

can you see?
tell me
can you see the star?
shine for you and me
it lights the way from where we are

tell me can you see
the Son if God
the great I am
meet the king of kings
come and follow me
tell me can you see the stars

a leap of faith o n a promise
there is no army
no mountain can stop us

who knew a star was so close
it could touch us?
light up our hearts, lead
the way through the dark

can you see?
tell me
can you see the star?
shine for you and me
it lights the way from where we are

tell me can you see
the Son if God
the great I am
meet the king of kings
come and follow me
tell me can you see the stars

I've waited all my life
to feel this feeling
that I feel right now
open up your eyes
and see the world is brighter now

can you see?
tell me
can you see the star?
shine for you and me
it lights the way from where we are

tell me can you see
the Son if God
the great I am

meet the king of kings
come and follow me
tell me can you see the stars
