

Fight! Fight! Fight!, Shake Hips Not Fists

Ankles made for breaking.
Our Hearts were made for taking.
Mascara and lip gloss,
running down their faces.
We'll move fashion forward,
sing along every word.
Baby havent you heard?
(Ready set lets go.)
The roofs on fire and were down below.
Got our dance shoes on gonna bust a move.
The roofs on fire and were down below.
Got our dance shoes on gonna make you move.
(Gonna bust a move.
Gonna make you move.
Gonna bust a move.)
Is it God damn hot in here?
Or is it just me?
And, these sounds produce effect.
Guaranteed to make you move when
You get up, get up, get up on the dance floor.
Get up, get up, get up on the dance floor.
La, La, La, La, La, La.
Get up, get up, get up on the dance floor.
Get up, get up, get up on the dance floor.
The roofs on fire and were down below.
Got our dance shoes on gonna bust a move.

Got our dance shoes on gonna make you move.
(Gonna bust a move.
Gonna make you move.
Gonna bust a move.)

You can leave your friends, friends, friends behind.

And you can leave your friends, friends, friends behind.
