

# Fight, Jesus Saves

[Halford]

The devil walked with me  
He looked me in the eye  
Said once I was all trouble  
For the world

Then I saw the light  
And now I fell the joy  
Believe me now  
For I bring you the world

Jesus, Jesus saves

Took me to this home  
Showed me all his sin  
Said this is how I used  
To spend my days

Misery in hell  
Master of my world  
Now I've mended all my evil ways
