

Fight Like Apes, Lend Me Your Face

Lend me your face
Lend me your face
Lend me your face
I'll bust it up and I'll replace it

Lend me your face
Lend me your face
Lend me your face
I'll bust it up and I'll replace it

I wanna cut you with glass
You haven't got such a pretty ass now
Wanna put you in a cast
And cast off all my memories of where you been at

Would you like a fresh rolled cigarette
I rolled it up myself and put some gusto into flippin it
Would you smoke it in bed
Wanna fill you up with petrol
And take off like a jet

Lend me your face
Lend me your face
Lend me your face
I'll bust it up and I'll replace it

Lend me your face
Lend me your face
Lend me your face
I'll bust it up and but I'll replace it
Oooohhh

And your such a stupid boy
You got your boxers up your ass
And she's just a little toy
BooOO Doo Doo Doo Doo

Lend me your face
Lend me your face
Lend me your face
I'll bust it up and I'll replace it

Lend me your face
Lend me your face
Lend me your face
I'll bust it up and I'll replace it

Lend me your face
Lend me your face
Lend me your face
I'll bust it up and I'll replace it

Lend me your face
Lend me your face
Lend me your face
Lend me, your face
