

# Fight The Fade, (Not) Enough

When you looked into my eyes for the first time  
I felt like a deer in the headlights  
In a moment all the things that have comprised  
Every accomplishment and benchmark in my life  
All fell flat, all came short  
The bar is so much higher than it was before  
And I don't know if I am capable  
Of the love that I know you'll be aching for

I'm not the man you think I am  
I'm just a fraud inside his skin  
How long before you start to see  
I'm not enough, and I can't compete

With a cold sweat  
I was terrified  
But at the same time, I've never felt so alive  
My heart was full  
But so was my mind  
Cause I stockpiled lie, after lie, after lie

"You can't provide, you're not equipped"  
"You're not a man, you're just a kid"  
Is what I hear inside my head  
The diagnosis of my own demons

I'm not the man you think I am  
I'm just a fraud inside his skin  
How long before you start to see  
I'm not enough, and I can't compete

(I'm not enough, and I can't compete)  
(I'm not enough, and I'll never be)  
(I'm not enough, and I can't compete)  
(With who you think I ought to be)

I'm not enough, and I can't compete  
I'm not enough, and I'll never be  
I'm not enough, and I can't compete  
With who you think I ought to be

I'm not enough, and I can't compete  
I'm not enough, and I'll never be  
I'm not enough, and I can't compete  
With who you think I ought to be

(I'm not enough)  
(I'm not enough)  
I'm not enough

I'm not the man you think I am  
I'm just a fraud inside his skin

I'm not the man you think I am  
I'm just a fraud inside his skin  
How long before you start to see  
I'm not enough, and I can't compete

I'm not enough
