

# Figurines, The Wonder

Take your time to grow and leave forever  
Because it takes time to get it together for a long time  
You know it takes time to get it together for a long time  
Time

Suddenly there's an area I want to see  
In a week I will make it, I will make it forever  
In a dream I saw everybody speaking so honestly  
What an effort

Drift on the tidal waves  
Drift on the tidal waves

Take your time to grow and leave forever  
Take your time to grow and leave forever  
Because it takes time to get it together for a long time  
You know it takes time to get it together for a long time  
Time

I took a chance and I finally hit the road  
In a dream I will make it, I will make it forever  
I read a book by an author unknown  
It nearly swallowed me, thank God I was saved by the phone

Take your time to grow and leave forever  
Take your time to grow and leave forever  
Because it takes time to get it together for a long time  
You know it takes time to get it together for a long time  
Time
